Have you heard about variadic generics before?

(total responses = 3304)

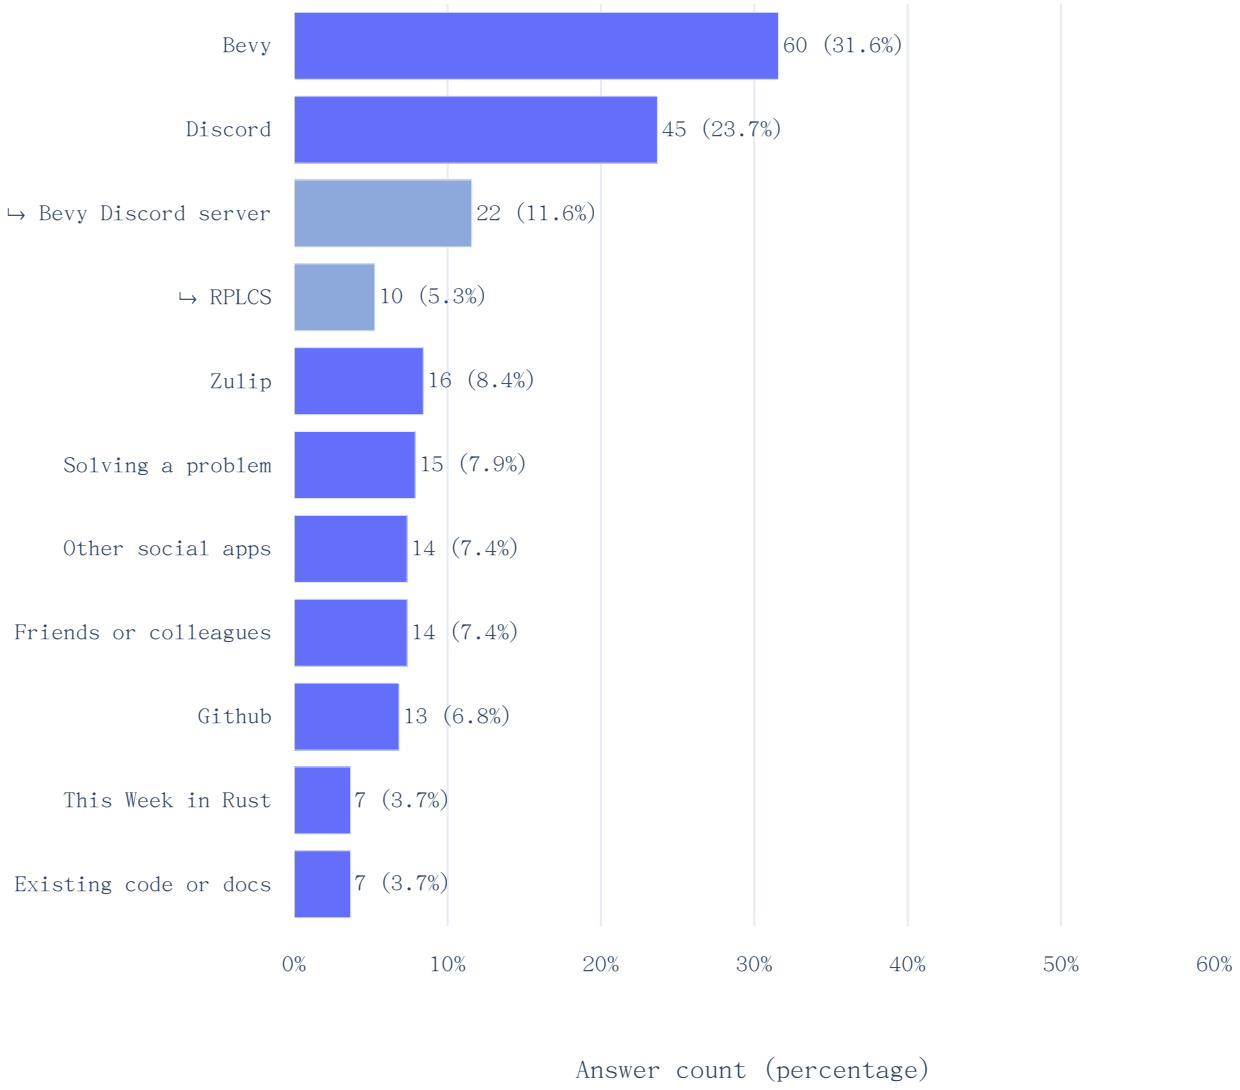

Where have you heard about variadic generics?

(total responses = 5065, single answer)

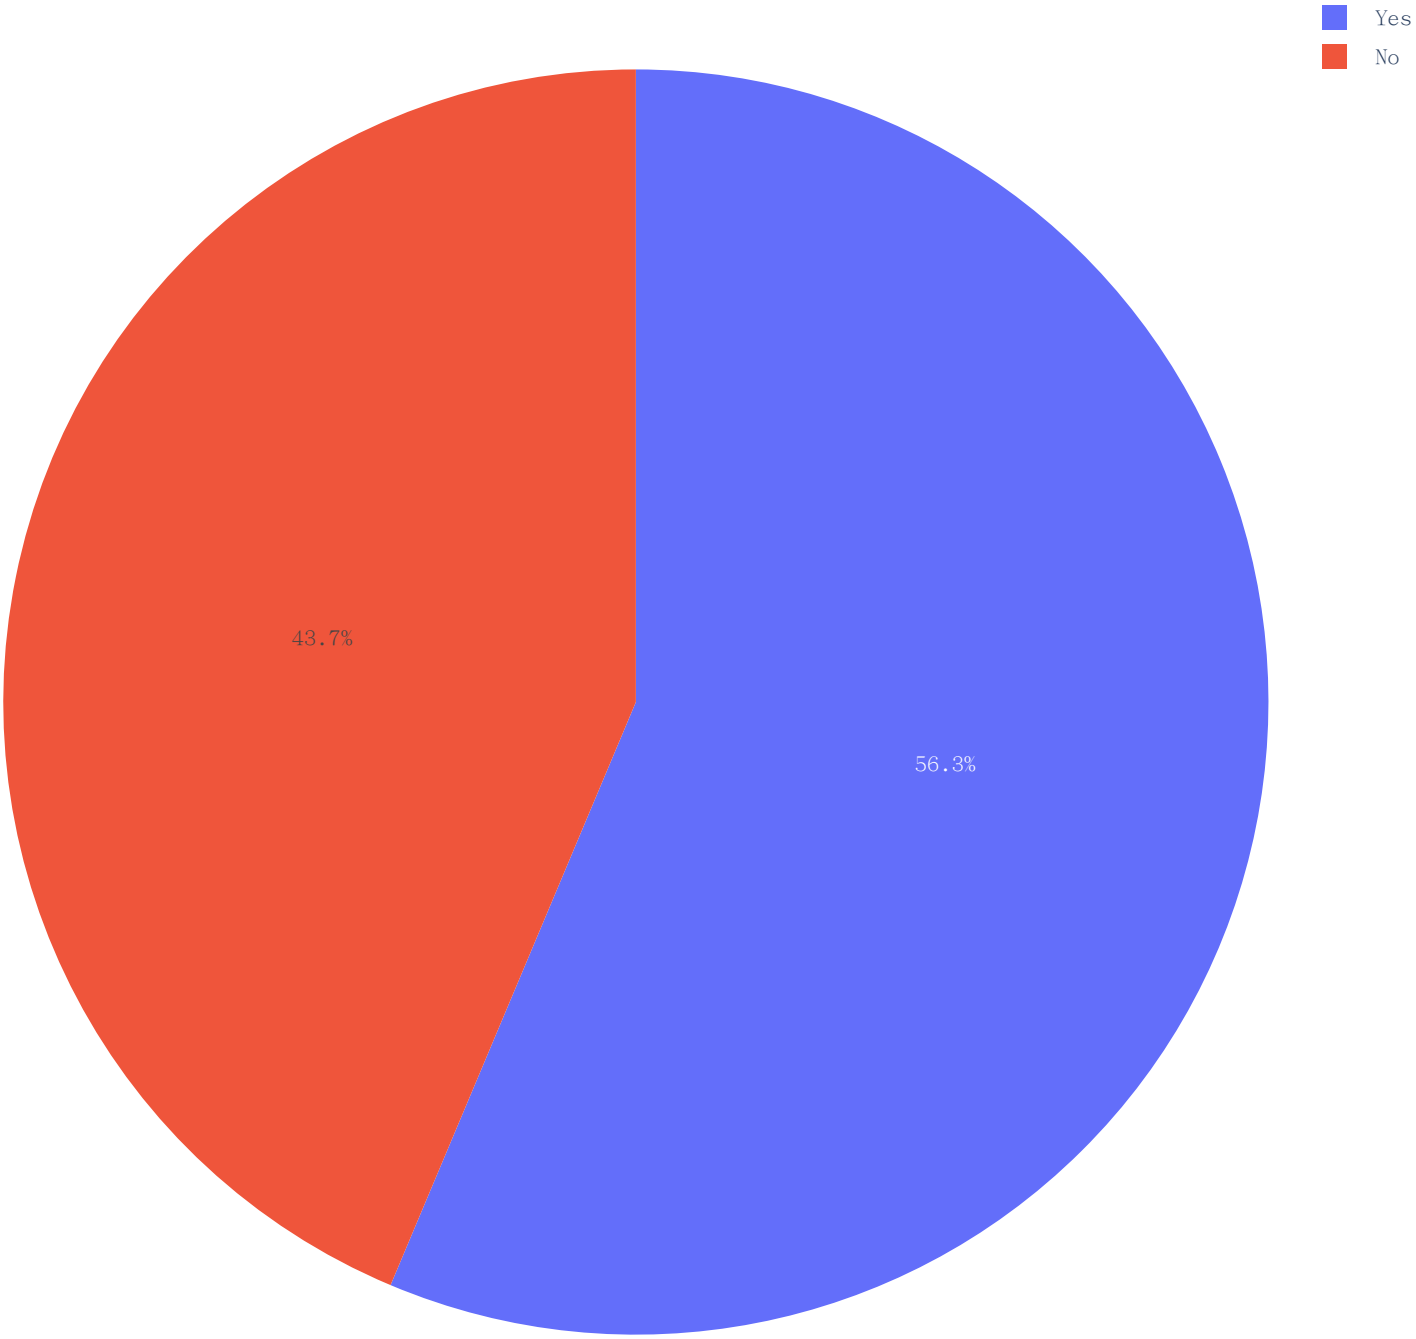

Where have you heard about variadic generics? (Open answers)

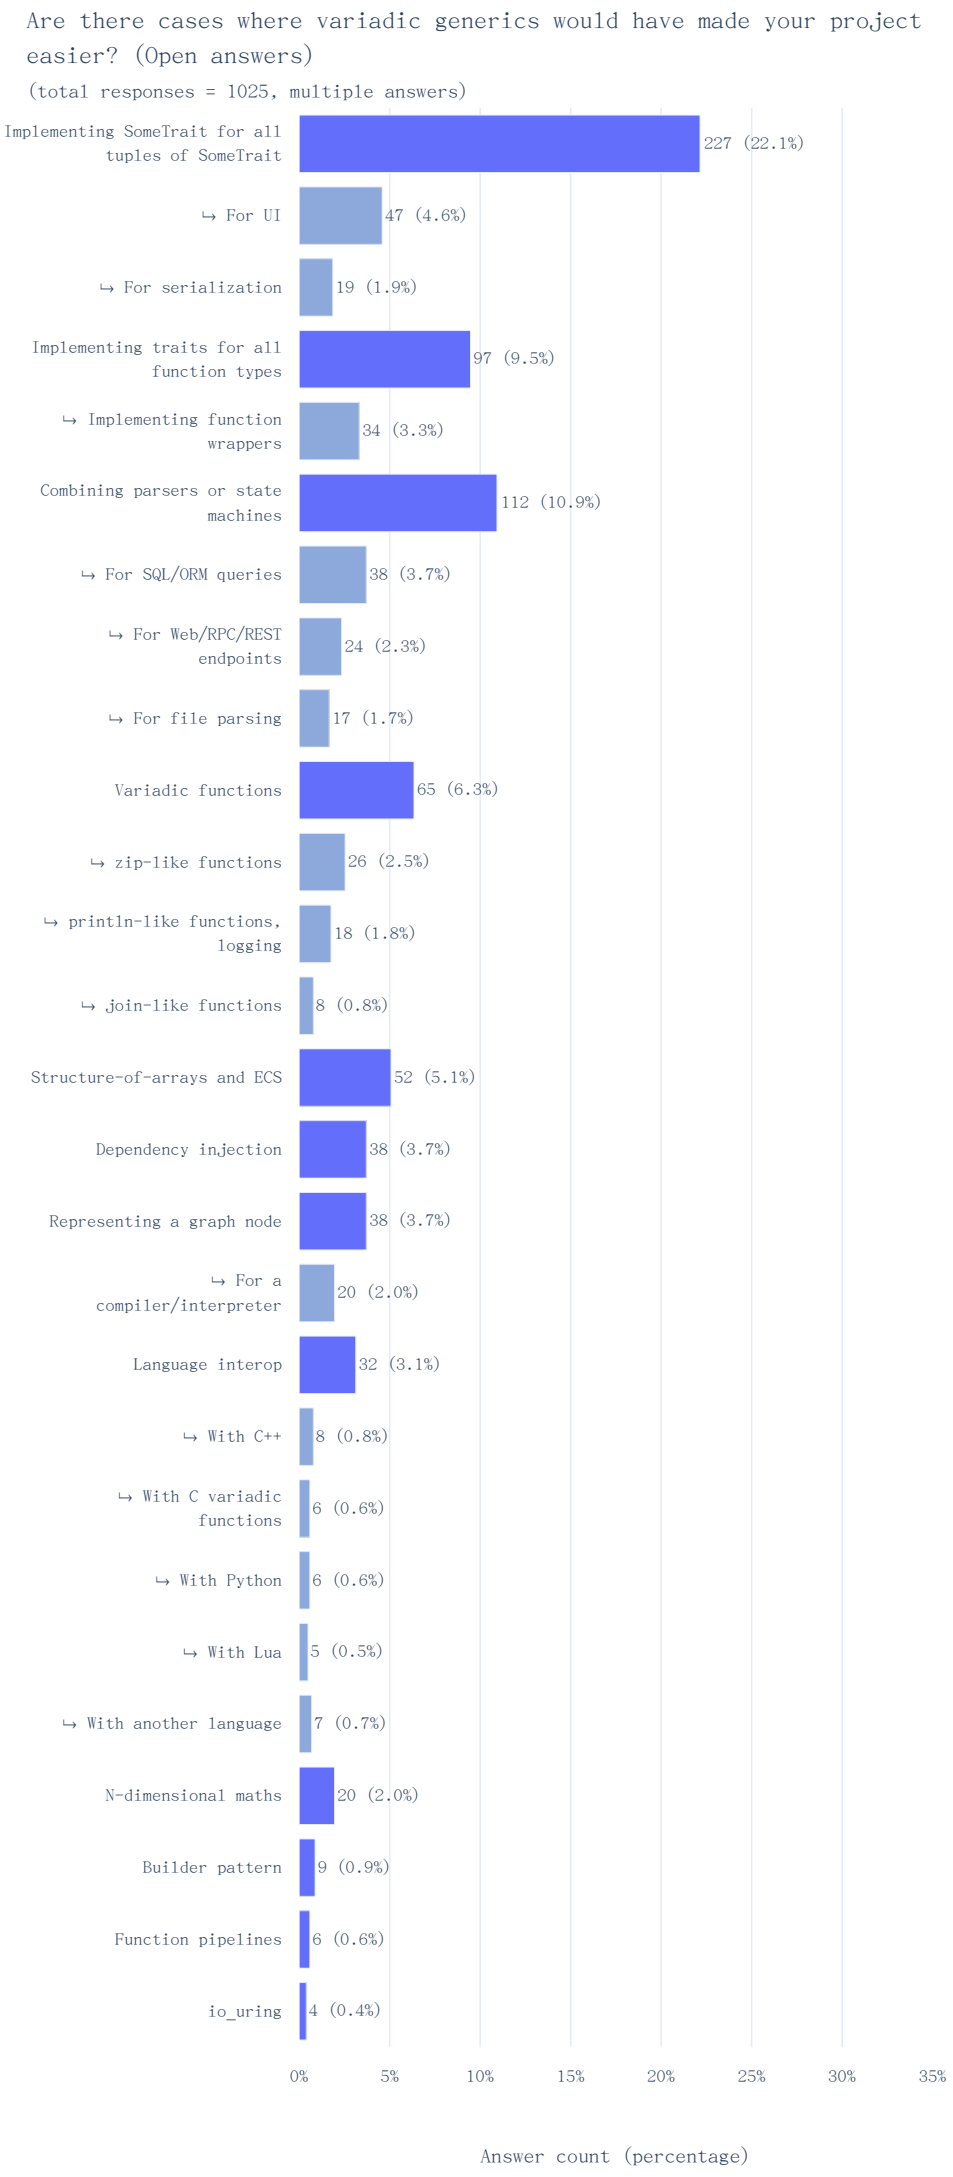

(total responses = 190, multiple answers)

Are there cases where variadic generics would have made your project easier?

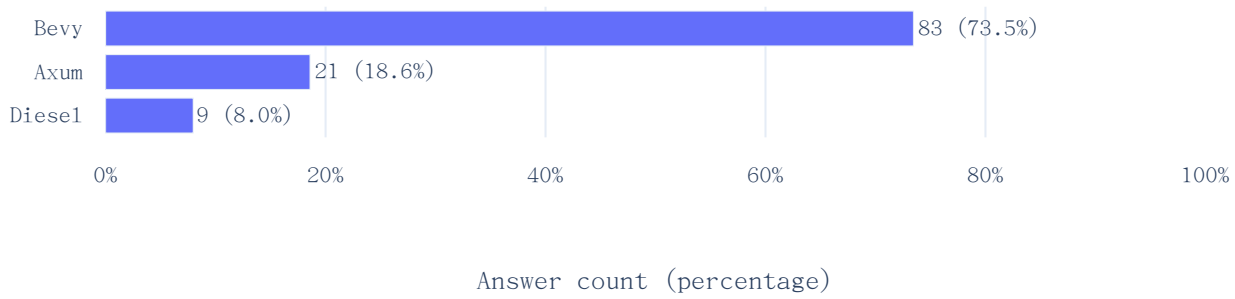

(total responses = 3021)

Are there cases where variadic generics would have made your project easier? (Open answers)
(total responses = 1025, multiple answers)
Implementing SomeTrait for all tuples of SomeTrait
227 (22.1%)
↳ For UI
47 (4.6%)
↳ For serialization
19 (1.9%)
Implementing traits for all function types
97 (9.5%)
↳ Implementing function wrappers
34 (3.3%)
Combining parsers or state machines
112 (10.9%)
↳ For SQL/ORM queries
38 (3.7%)
↳ For Web/RPC/REST endpoints
24 (2.3%)
↳ For file parsing
17 (1.7%)
Variadic functions
65 (6.3%)
↳ zip-like functions
26 (2.5%)
↳ println-like functions, logging
18 (1.8%)
↳ join-like functions
8 (0.8%)
Structure-of-arrays and ECS
52 (5.1%)
Dependency injection
38 (3.7%)
Representing a graph node
38 (3.7%)
↳ For a compiler/interpreter
20 (2.0%)
Language interop
32 (3.1%)
↳ With C++
8 (0.8%)
↳ With C variadic functions
6 (0.6%)
↳ With Python
6 (0.6%)
↳ With Lua
5 (0.5%)
↳ With another language
7 (0.7%)
N-dimensional maths
20 (2.0%)
Builder pattern
9 (0.9%)
Function pipelines
6 (0.6%)
io_uring

Answer count (percentage)

Mentioned wanting variadics for a specific project

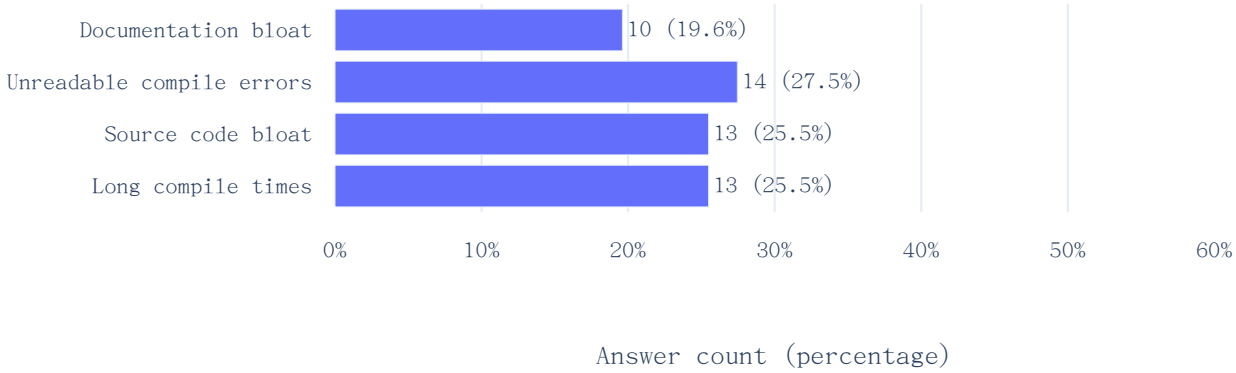

(total responses = 113, single answer)

Answer count (percentage)

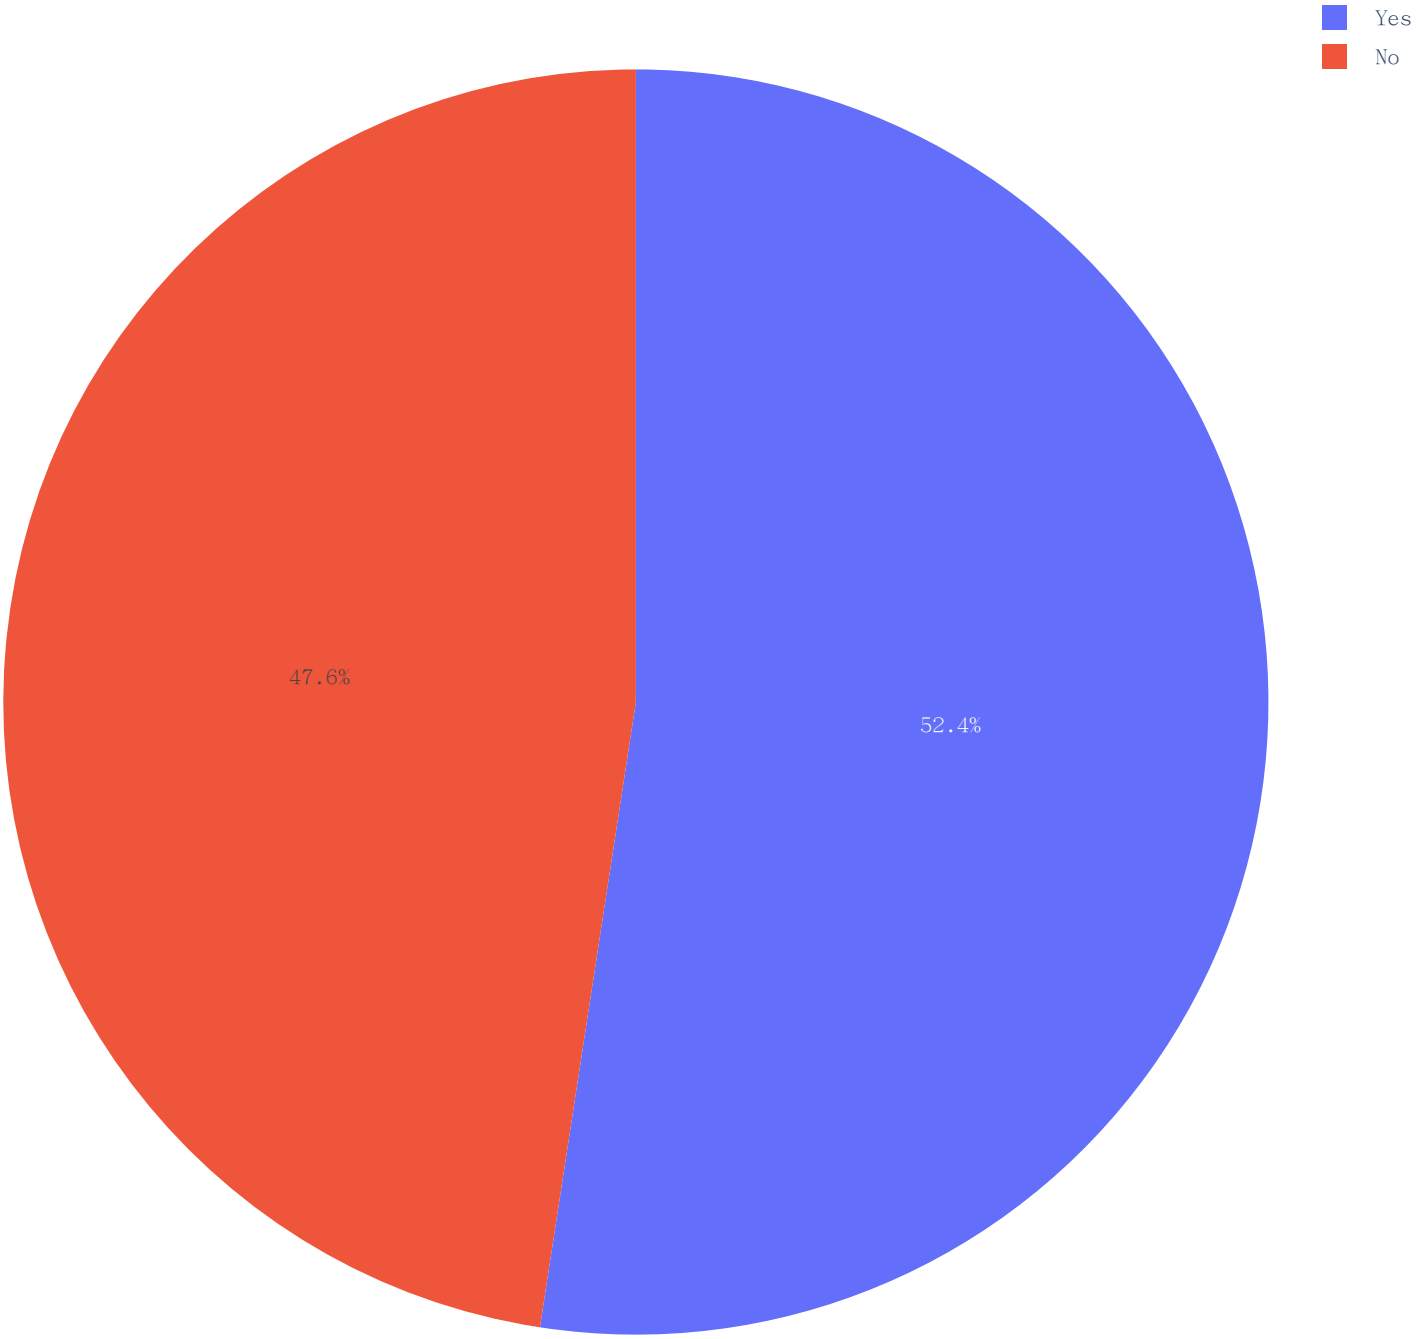

People who mentioned disliking the macro workaround

(total responses = 51, multiple answers)

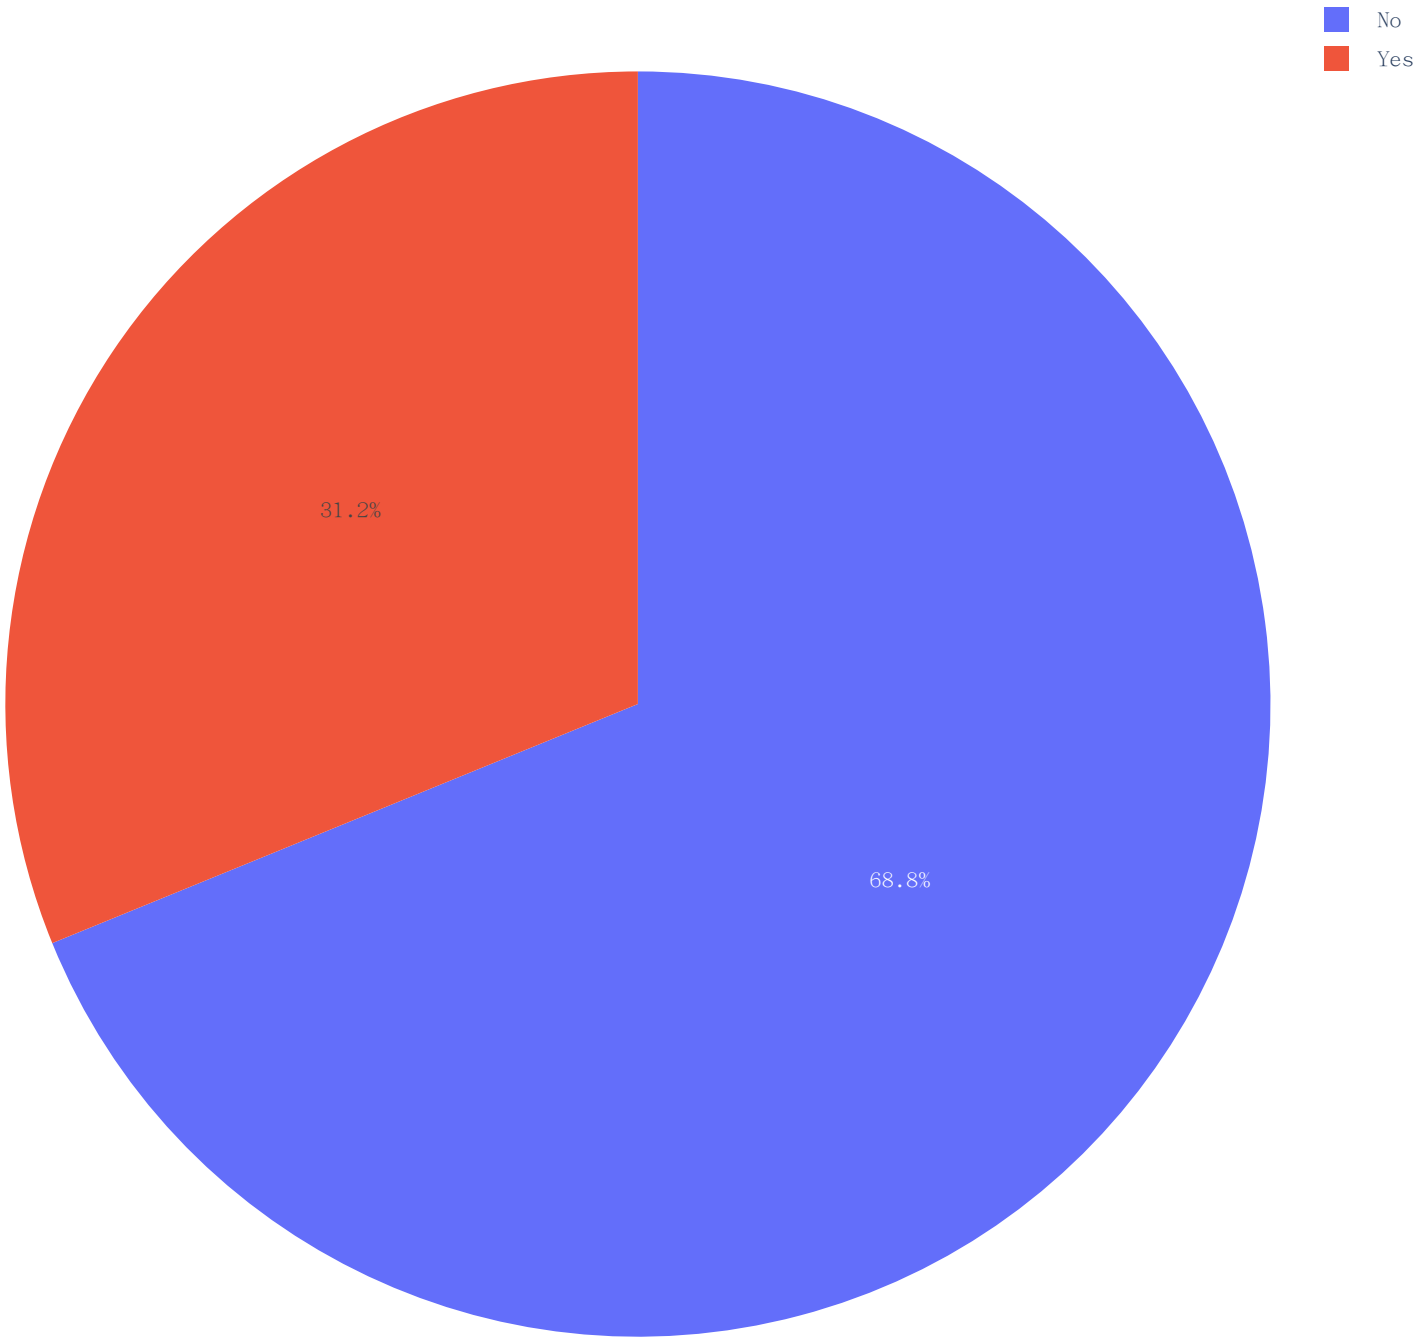

Are there cases where variadic mappings would have made your project easier?

(total responses = 2455)

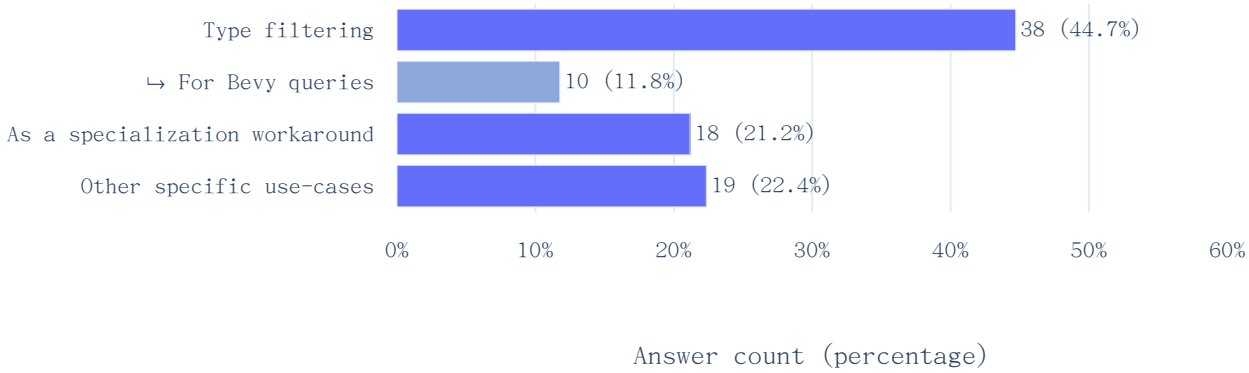

Are there cases where non-linear mappings would have made your project easier?

(total responses = 2233)

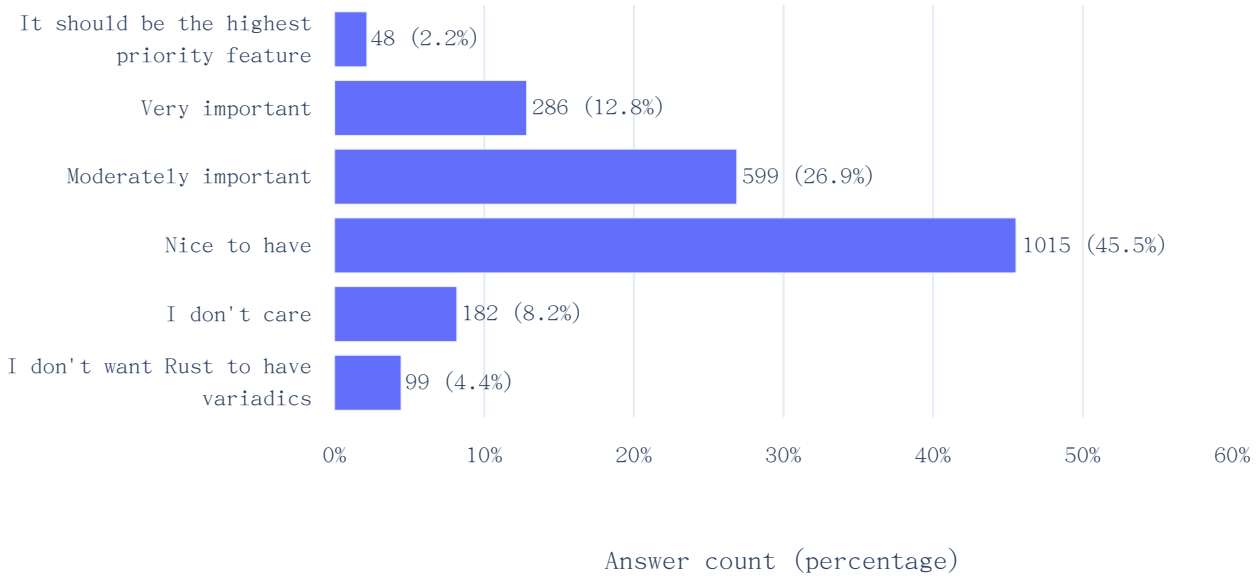

Are there cases where non-linear mappings would have made your project easier? (Open answers)

(total responses = 85, single answer)

How high a priority would you say variadics are for you?

(total responses = 2229, single answer)

Do you have any further comments related to variadic generics?

(total responses = 230, single answer)
